

1. **Supernatural Transfer** - Like the Israelites leaving Egypt, Christians and non-profit organizations will receive major gifts from individuals or foundations to carry out their Christian mission. In 2004, the Salvation Army received one of the largest gifts ever for Christian ministry via the founder's wife of McDonald's, Joan Kroc, in the amount of 1.5 billion dollars.

2. **Power to Make Wealth** - God is going to give witty inventions to believers throughout the world that will generate wealth. This has already begun. *"But remember the LORD your God, for it is he who gives you the ability to produce wealth, and so confirms his covenant, which he swore to your forefathers, as it is today"* (Deut 8:18).

3. **Social Entrepreneurship** - Just as Joseph was entrusted with the resources of Egypt to solve a societal problem resulting from a famine in the land, God is going to transfer money to believers who are solving societal problems. Governments will fund private enterprises because government is not been able to do it.

4. **Wealthy Individual "Conversions"** - Finally, many non-believers who are wealthy will become Christians in these last days and will begin to use their wealth for Kingdom purposes.
